

29<sup>th</sup> March 2021

Dear Parents and Carers,

This is an update as to how our campuses will roll out for the next three days.

The Premier and Minister for Education have outlined the following for the next three days of Term. All students who are able to stay home should do so.

The exceptions are as follows:

- Children of essential workers on days when they are not able to be supervised at home and no other arrangements can be made (Essential worker- any worker who must continue to attend their workplace for essential business during this time).
- Vulnerable children include children identified by the school or who :
  - Are currently receiving services from Child Safety, including children who are subject to a child protection order.
  - Subject to a youth justice order.
- Children in designated indigenous communities.

Finally, to all of our students, in particular our graduating students, please have wonderful Easter break and we look forward to term 2 being productive. The government, Education Queensland and schools will continue to work closely together so that you will not be disadvantaged during this time. Our part is to provide the support and the necessary resources and your part is to continue to put in the time and the effort to succeed.

Stay safe and healthy,
