# Dynamics of SERLC

We know our students, via our 'Who am I? (WAI's). Our staff value the impact of a **positive relationship** with students.

The **small school environment** allows our team to **know our students**. SERLC uses personality profiling, (Aus Identities), to identify **how our students prefer to learn**

SERLC has no pass, no progression. Teachers and Trainers adjust and **differentiate their teaching** to align with the preferred learning styles of students. The students' **progress is monitored** consistently on our WAI's throughout each program for **positive interventions, adjustments and support.**

SERLC **removes barriers to learning** so students can experience success.

SERLC is a  
**Department of  
Education & Training  
model**  
that offers an  
**alternative**  
to mainstream school
