Introduction

This page presents a summary of results of the annual Next Step survey for Eagleby Learning Centre - CCSE. The Next Step survey, undertaken by the Queensland Government, targets all students who completed Year 12 and gained a Senior Statement in 2013, whether they attended a government, Catholic or independent school, or a TAFE secondary college. The Queensland Government Statistician’s Office conducted the survey between March and June 2014, approximately six months after the young people left school. Responses were collected online and via computer-assisted telephone interviewing.

Statewide and regional reports from the Next Step survey will be available on the Next Step website in September 2014 at www.education.qld.gov.au/nextstep.

Response rate for Eagleby Learning Centre - Centre for Continuing Secondary Education

Table 1 below reports the response rate for Eagleby Learning Centre - CCSE. It expresses the number of respondents from this school, as a percentage of all Year 12 completers who attended Eagleby Learning Centre - CCSE in 2013.

Due to the low response rate, these results should be interpreted and used with caution.

Definitions of main destinations

The pathways of Year 12 completers were categorised into ten main destinations. Year 12 completers who were both studying and working were reported as studying for their main destination. A table defining these categories can be found in the statewide report at www.education.qld.gov.au/nextstep.

Summary of findings

In 2014, 34.4 per cent of young people who completed Year 12 at Eagleby Learning Centre - CCSE in 2013 continued in some recognised form of education and training in the year after they left school.

The most common study destination was VET Certificate I–II (9.4 per cent). The combined VET study destinations accounted for 28.1 per cent of respondents, including 21.9 per cent in campus-based VET programs, with 6.3 per cent of Year 12 completers entering programs at Certificate IV+ level. Bachelor Degree study also accounted for 6.3 per cent of respondents. 6.3 per cent commenced employment-based training, all as apprentices.

There were no respondents from this school who deferred a tertiary offer in 2014.

65.6 per cent did not enter post-school education or training, and were either employed (25.0 per cent) or seeking work (40.6 per cent).
