

My name is Miles Karipa and I am the Director of Campuses for the South East Region's Learning Centres (SERLC). SERLC comprises of a headquarters and 3 campuses under its banner to accommodate the need for an alternative Education Qld Senior Centre on the Gold Coast.

My role as the Director of Campuses is to ensure that each campus follows the exact policies, procedures, vision and values. The most important replication and by far the hardest was the "Culture" which has been developed over years firstly at Eagleby and then at the Varsity Lakes Campus. It's this culture that has allowed us to grow and deliver meaningful curriculum and outcomes to many students to date.

We pride ourselves at SERLC that we offer quality QCAA curriculum that mirrors that of mainstream with the same outcomes but done differently. A common saying is "Same Same but Different" and it's this ability to produce the same goals as every other High school in Queensland and we have been successfully doing it now for over 11 years that sets us apart from the rest.

At SERLC we strive to remove the Barriers that so often pop up and block many youths and adults when it comes to achieving a meaningful and positive educational experience.
